

Stream Assessment Workshop

July 30th & 31st - 2009

This intermediate level workshop is for natural resource professionals: environmental scientists, engineers, WRAPs coordinators, buffer coordinators, NPS coordinators, district managers, science teachers, NRCS personnel, etc. who are looking for a better understanding of stream processes. Upon completion of this class, attendees will be better equipped to communicate with land owners about stream science, function, and value. You will also be able to conduct basic assessments and provide stakeholders with appropriate BMP alternatives for their stream problems.

COST: \$150 - This includes lodging, meals, refreshments and course materials. The workshop is limited to 20 participants.

LOCATION: - The workshop will be held at the Hideout Hunting Lodge in Lyon County (1895 Road 360). It is approximately 20 miles north of Emporia, or northeast of Admire. Upon completion of registration a map will be sent out.

SPONSORS: - The Watershed Institute; Flint Hills RC&D; Wildhorse Riverworks; Kansas Alliance Wetlands and Streams; WRAPS/KDHE, and K-State Citizen Science.

TOPICS: - Types of stream assessments; stream hydrology; stream chemistry; intro to fluvial geomorphology; stream ecology; monitoring; sampling, streambank stabilization; riparian function & management; and more.

Registration - Stream Assessment Workshop - 2009

Name: _____ Affiliation: _____

Job Title: _____ Address: _____
